Product EOL Announcement

NTC IO material

Dear Valued Customer,

Thank you very much for your great and continuous support for business with KYOCERA AVX. This is the official notification that NTC thermistors with IO material will be proceeded as detailed below. Your understanding and support are highly appreciated.

1. EOL Product:

KAVX PN	Description
NC20I00182	1206, 1800 Ohms, all tolerances and packaging AgPdPt term - not for Pb free reflow
NC20I00222	1206, 2200 Ohms, all tolerances and packaging AgPdPt term - not for Pb free reflow
NC20I00272	1206, 2700 Ohms, all tolerances and packaging AgPdPt term - not for Pb free reflow
NC20I00332	1206, 3300 Ohms, all tolerances and packaging AgPdPt term - not for Pb free reflow

2. Reasons/Background:

KAVX has decided to discontinue manufacturing this product since requests for this material are very rare, no additional stock of this material is available.

3. Change Schedule: Immediate enforcement

4. Contact: Should you have any questions or concerns, please contact your local sales.

Thank you.
