Product/Process Change Notification For:

End of Life TCQ Automotive J-Lead Conductive Polymer Chip Capacitor & TCO High Temperature Automotive Polymer Chip Capacitors Series

Dear Valued Customer:

Thank you for your continued support of KYOCERA AVX. We are writing to formally notify you of a change affecting some of our products. Please review the details below and provide your feedback in writing by the specified due date. We appreciate your understanding and cooperation.

1. Affected Product(s) and Change Details:

Change Type	Before Change	After Change
Obsolescence	Lanskroun, Czech Republic	Discontinued

For a full list of affected part numbers and details, please refer to the attached document.

2. Reason for Change:

KYOCERA AVX Components Corporation will be discontinuing the TCQ Automotive J-Lead Conductive Polymer Chip Capacitor series and the TCO High Temperature Automotive Polymer Chip Capacitor series. While these products have consistently delivered strong performance and reliability in the field, the market expectations of substantial growth in this market never materialized.

We remain committed to supporting your needs and will continue to offer Polymer Capacitors that can be produced and tested to meet AEC-Q200 requirements as a COTS+ solution, if required. Our team will be glad to work with you to identify suitable alternatives and ensure a smooth transition.

3. Product Comparison (Before & After Change):

Obsolescence
TCQ Automotive J-Lead Conductive Polymer Chip Capacitor
TCO High Temperature Automotive Polymer Chip Capacitor
